- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A hurricane has blown through town. The slaughter facility is closed for all players until their next turn. Leave this card face-up on the board until all players have completed their next turn.

A disease outbreak affects pigs 2, 15, 84, and 143. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

Pests have destroyed the grain crop and pig feed is scarce. Pay an additional $20 in overhead costs to the facilitator.

A hurricane damaged your farm. Pay the facilitator $100 for repairs.

Your pigs have experienced a vaccine reaction and died. Return 5 vaccinated pigs to the facilitator. If you have fewer than 5 vaccinated pigs, return all of them to the facilitator.

A disease outbreak affects pigs 19, 39, 68, and 122. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

All farms with a quarantine pen receive a $200 incentive from the facilitator.

A disease outbreak affects pigs 40, 47, 94, and 136. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A disease outbreak affects pigs 16, 33, 163, and 164. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A disease outbreak affects pigs 7, 20, 58, and 157. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A disease outbreak affects pigs 9, 11, 22, and 99. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A disease outbreak affects pigs 5, 30, 77, and 121. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

If you have not yet lost any pigs to disease, collect $50 from the facilitator.

You'd like to install a tire-washing station to clean the tires of all vehicles coming on to your farm to guard against disease. Pay the facilitator $100, but hold on to this card, as it will be worth $100 at the end of the game.

A disease outbreak affects pigs 14, 26, 43, and 149. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs

A disease outbreak affects pigs 37, 39, 163, and 192. The following rules apply:

- Affected pig, vaccinated = no loss to farm
- Affected pig, previously quarantined = lose that pig only
- Affected pig, in quarantine = lose pig + 4 pigs in quarantine pen
- Affected pig, unvaccinated = lose that pig + 10 additional pigs
