Additional Resources

We've included more agriculturally-related teaching resources!

Feel free to use these materials throughout the school year.

Four **Fun Facts** About California Agriculture!

- California has been the nation's top agricultural state for more than 50 years. California agriculture received almost \$50 billion in 2019, more than any other state.
- More than 90% of California farms are family farms or partnerships.
- California grows more than 400 agricultural commodities.
- More than one-third of US vegetables and two-thirds of US fruits and nuts are produced in California.
