

California CattleWomen

Recipients of the 2018 CALAward

California Foundation for Agriculture in the Classroom presented California CattleWomen with its 2018 CALAward during its National Agriculture Week event in March 2018 at the Kimpton Sawyer Hotel. The California CattleWomen have a long and proud history. Created to promote the Beef Industry, women throughout the state have dedicated their time, energy and devotion to educate the public about beef. Because California is the world leader in food production, the most productive agriculture region on earth and because; the production of Beef Cattle is California's fifth largest commodity, we, the California CattleWomen will focus on promoting a better understanding to consumers as to where their food originates; the quality controls used towards its safety; the impact the Beef Industry has on the economy of California; and the overall, far-reaching contributions the Beef Industry has to society as a whole.
