Additional Agriculture in the Classroom Programs!

Food, Fiber and More Summer AgriCULUTRE Institute - A five-day course designed for teachers who have little or no agriculture background. This is an opportunity to go "behind the scenes" of Colorado agriculture. You will learn innovative ways to incorporate agriculture and natural resource topics into your academic curriculum. The highlight of the Institute is the day spent one-on-one working with an agriculture producer, where you will gain hands-on experience on a farm or ranch. The course is offered in three different locations in Colorado. Participants receive three continuing education credits. Scholarships are available!

FREE Curriculum Matrix - The Agricultural Literacy Curriculum Matrix is an online, searchable, standards-based curriculum database for K-12 teachers. The Matrix contextualizes national education standards in science, social studies, and nutrition education with relevant instructional resources linked to Common Core Standards. Search the instructional, classroom-ready FREE resources now. Find the Curriculum Matrix at www.GrowingYourFuture.com
