

Welcome to...

Ag in the Classroom

- 1. Get a “What Do You Know?” sheet and pencil.**
- 2. Visit each station and read the question.**
- 3. Record your answers.**
- 4. Check you work at the “Answer Corner”**

#1

How many

cans of

soda can a

bushel of

corn

sweeten?

#2

**How many
cups of milk
does it take
to make one
half gallon of
ice cream?**

#3

**Which one
of these
grains is
used make
Prang
crayons?**

#4

 Which one of
these grains
is used to
make this
environmentally
friendly packing
material?

#5

**How
many yards
of wool
are in a
baseball?**

#6

**On the
average,
how many
eggs will a
chicken lay
in one year?**

#7

How many
football
can be
made from
one
cowhide?
