

Kansas Foundation for Agriculture in the Classroom

Mission: Connecting Classrooms to Kansas Agriculture / Vision: Agriculture in Every Classroom, Every Day!

2017 Year in Review

Your Dollars at Work

Thanks to our generous donors, KFAC is able to provide teacher workshops, resources and student activities. Your investment in 2016 helped us reach a record number of teachers and students.

$$323 \text{ teachers} \times 25 \text{ students/classroom} = 8,075 \text{ students reached in 2017}$$

Thank you for your continued support!

Impacting Teachers

KFAC continues to be the agriculture LEADER for teacher professional development events, reaching a record number of educators in 2017.

111 teachers attended A+STEM workshops

Nearly 50 educators attended the **SUMMER CONFERENCE** on June 2nd featuring author, Peggy Thomas and The Ellen Show sensation, Macey Hensley

21 teachers attended the **SUMMER INSTITUTE** in Parsons

114 education students experienced KFAC resources

"I liked the variety of Ag relate topics and the opportunity to experience some activities that could be used to engage kids in the learning process!"

-Parsons Summer Institute attendee

Relevant in Education

In 2017 KFAC completed a new series of **LIVESTOCK KIDS CONNECTION MAGAZINES** featuring Poultry, Sheep and Goats

NEW & IMPROVED Water lesson plans to match the 2017 school-year theme: Water Flows, Kansas Grows. Graze Like a Cow is another new lesson plan!

Denise Scribner

2017 KFAC Teacher of the Year, was named a **National Ag in the Classroom** Excellence in Teaching About Agriculture award winner during the national conference in June.

29 educators represented Kansas at the 2016 National Ag in the Classroom conference.

Reaching Education Students

In 2017, KFAC extended its reach to college students in education conducting multiple pre-service training events at Butler Community College, Emporia State University, Kansas State College of Education and Tabor college.
