

Beef

Byproducts

Kansas Foundation
for **AGRICULTURE**
IN THE CLASSROOM

3 ounces of lean beef
provide about 25
grams of protein,

Leather

Made from animal skin,
animal hide.

Dice

Dice can be made with a
material that sometimes
includes beef fat.

Gummy Bears

Animal fat used to make
gelatin for this sweet treat.

Band-aids

ften have a sticky part
made from gelatin, which
also comes from animals.

Football

Can be made with
leather, which comes
from cowhide.

Tires

Beef fats are processed into
stearic acid, which helps
make tires durable.
