

School Garden Walk-Through Risk Assessment MAC 2013

Risk	Who might be harmed and how?	What are you doing now?	What else do we need to do?	Who will do that and when?		
Look for hazards by walking around, looking in your incident log book, assessing new activities or tools.	Identify who this hazard might apply to	List what you are already doing to mitigate this risk	List what further needs to be done to reduce this risk	Explain who will do that, and		
				Who	By When	Done
				<i>Tim</i>	<i>Aug 25</i>	<i>Y. Aug 10</i>
<i>e.g Uneven surfaces</i>	<i>All, esp. elderly</i>	<i>Areas flagged</i>	<i>Level out ground with shovel</i>			

Supported by a generous grant from the Massachusetts Society for Promoting Agriculture.
