

Food Miles

Name _____

Directions: Record your meal choice from the Food Miles Cafe menu. Record the main ingredients of your meal and the farm towns where the ingredients were grown or raised in the table below. Using a website such as Google Maps or MapQuest, find the distance in miles from your home town to each farm town and record in the table. Label your hometown and the farm towns on the map. Draw a line from each farm town to your home town and label each line with the distance in miles between the two locations. Add the miles of each ingredient together to find the total miles your meal traveled.

Meal Choice _____

Ingredient	Home Town	Farm Town	Distance
