

Pecan Value Math Activity

Name _____

Directions: If an undamaged pecan half was worth \$1.00, a pecan piece was worth \$0.50, and a broken pecan piece was worth \$0.25, and you had 5 undamaged pecan halves, 10 pecan pieces, and 20 broken pecan pieces how much money would you have?

Undamaged Pecan Half:

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \$ \underline{\hspace{2cm}}$$

Pecan Piece:

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \$ \underline{\hspace{2cm}}$$

Broken Pecan Pieces:

$$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \$ \underline{\hspace{2cm}}$$

Total \$ _____
