

Name: \_\_\_\_\_ Date: \_\_\_\_\_

#### DIRECTIONS:

Select one pathway to explore further. Use the graphic organizer below to create a storyboard that shows how pests spread using the pathway. Break it up into the three steps below: Before, Pest Introduction (Cause), and After (Effect).

**PATHWAY NAME:** \_\_\_\_\_

<p><b>BEFORE:</b></p> <p>What is the situation like before the invasive species is introduced?</p>	
<p><b>PEST INTRODUCTION (Cause):</b></p> <p>How is the invasive species introduced? (Pathway)</p>	
<p><b>AFTER (Effect):</b></p> <p>What happens to the situation now that the invasive species has been introduced?</p>
