Key Points:

- Many diverse careers are found in agriculture.
- People working in agriculture play a hand in feeding the world sustainably.
- Off-farm agricultural careers are important and integral to sustainability. The people in these careers do many things such as:
 - Improve efficiency in food production.
 - Discover and help implement new best management practices to be used in agriculture.
 - Educate and communicate to the public about the source of our food.
 - Help minimize food waste and hunger.
