Careers 101

Instructions: Use the Careers 101 e-Magazine to answer the questions below.

1. What are the differences and similarities between a job and a career?
2. What are examples of benefits that are offered in some careers?
3. Are benefits important, or are they just an added perk? Why or why not?
4. What are some pros and cons of different types of pay in a job? (Salary, vs hourly, etc.)
5. What type of working conditions do you think you'd enjoy most? Is there anything you wouldn't like at all?
6. Considering the location of jobs, where would you like to live? Is there anywhere you wouldn't want to live?

7. Considering education and training, which option would you like most? Why?

8. Research 3 careers with varying education options and salaries to calculate a ROI (return on investment) for that career path.
