

Minnesota Commodities Grown and Raised

Name:

Hour:

Date:

Directions: Using an Atlas, provided resources and the internet, find the thematic maps that help explain where and why your assigned crop or animal is grown/raised (ex. physical, vegetation, environment, precipitation). To help with your research, use the 5 Themes of Geography worksheet. Your information will be shared with the class.

Minnesota Commodity:

FIVE THEMES OF GEOGRAPHY	
Location (Latitude)	
Place (Physical Characteristics)	
Human-Environmental Interaction (Modify, Adapt, Depend)	
Movement (People, Information, Goods)	
Region (Common Characteristics)	

Summarize your findings.
