

Country and State Comparison

Name: _____

Hour: _____

Directions: Using a World Atlas, find the thematic maps that help explain where and why your assigned crop or animal is grown/raised where it is and what elements the country and state have in common. Use the 5 Themes of Geography guided notes worksheet to help with gathering your research. This information will be used to create your Google slide presentation.

Country, State, and Commodity _____ / _____ / _____

	Country	State
Location (Latitude)
