

2022 MAPLE EQUIPMENT GRANTS

K-12 New Hampshire classrooms are invited to apply for one of several maple equipment grants. Use these supplies for hands-on learning to discover science, social studies, language arts, math and more through a New Hampshire tradition.

- Applications must be received by midnight on December 16, 2022.
- Winners will be notified by 12/31/22.
- All grant recipients must participate in the Tucker Mountain Challenge.
- If we are unable to ship materials directly to you, they will need to be picked up the Farm Bureau in Concord, most likely sometime in January.
- Limited to one application per school per year.

BASIC EQUIPMENT PACKAGE

for schools who have not been awarded a grant in the past

10 buckets, 10 taps, 10 covers, hydrometer and cup plus maybe one or two other helpful items.

REVERSE OSMOSIS BUCKETS

for schools who have not received an RO bucket in the past

Utilizing filtration and high pressure reverse osmosis, The Bucket creates clean, concentrated sap ready for boiling. Ideal for 5-35 taps, the RB5 creates about 3 gallons of concentrated (4% sugar) sap at 50% water reduction per hour. Click [here](#) for more information.

EQUIPMENT REFRESH

if you have received a grant in the past

Replace some of your expendable supplies with a pack of filters, 20 Hampshire ½ pint maple containers plus 3 buckets, covers and taps.
