

October Newsletter

Welcome to the New Jersey Agriculture in the Classroom newsletter!

Our mission is to increase awareness and understanding of agriculture among New Jersey educators and students. You can learn more about NJAITC on our website newjersey.agclassroom.org where you will find lessons plans that link agriculture to all subjects as well as information on grants, awards, and professional development opportunities.

You can also follow us on

Lessons of the Month

It's the season for apples and pumpkins! If you have even one pumpkin in your classroom, you can teach a lesson that merges math with agriculture.

Pumpkins in the Primary Classroom
Grades Pre-K

Pumpkin Math for Bigger Kids
Grades 3-5

Five Senses Apple Investigation
Grades K-2

Apple Investigation Grades 3-5

News of the Month

We're going to Atlantic City!
Meet our staff at the NJEA convention on November 9-10.

Make a seed necklace, pick up supplies for a pizza garden, and learn how to bring agriculture into your classroom.

Bring all your questions on teaching about farming and growing school gardens.

Check us out at booth number 2126. We can't wait to meet you!

Tour a New Jersey farm without leaving the classroom with NJ Ag in the Classroom's new YouTube channel. Check out the trailer for our new [video](#) about life on a dairy farm.

Subscribe to our YouTube [channel](#) for upcoming videos on farming cranberries, turkeys, and bees!
