ADIRONDACK STRAWBERRY AVALANCHE

The Empire State's Sweetest Escape

Our Jingle

Real berry bliss, rich chocolate shell, the New York flavor you know so well!

Flavor Burst

The Adirondack Strawberry Avalanche is a vanilla and strawberry-based ice cream in a chocolate-dipped waffle cone with chocolate boulders and fresh strawberry bits mixed in.

Our Product Design

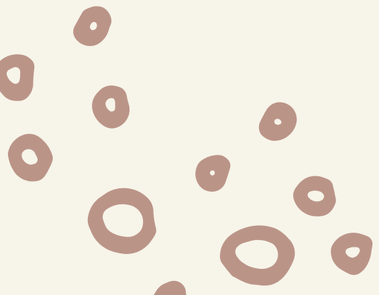

The Adirondack Strawberry Avalanche is based off of the Adirondack Mountains and our class's favorite ice cream. Both the dairy and berries are produced in New York.
