Mac decided cheese was not enough for dinner. So he started to open all the cabinets to see what was there.

the cheese.

He used a whisk and made his roux,
by adding butter and flour.

Then he added the seasonings.
He **STIRRED AND STIRRED!**

Then Mac added the cheese, a little at a time..... until it melted and was *creamy*.

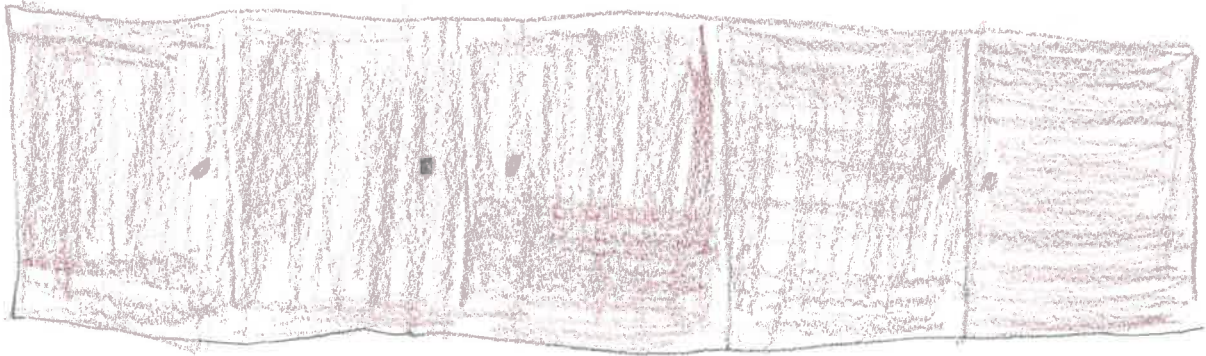

Mac found a BIG dish and he mixed his cheese mixture and noodles. He sprinkled breadcrumbs and parmesan cheese on top.

Then put it in the oven! He baked it for 30 minutes.

AT LAST dinner was ready! The kitchen smelled **CHEESY** and **DELICIOUS!**

Mac ate it ALL!

This is the story of how
Mac and Cheese was created!
