

# Making it Possible

Our mission with this recipe is to provide a home cooked meal option for those who use the food cupboard. All of the ingredients we used for this recipe can be found within a local food pantry. All of the ingredients are shelf stable. We are

- working to gather materials to build [complete kits](#) to donate to our local Hamilton Food Cupboard. This way customers can take the kits home and make homemade mac n' cheese by simply adding water.

**Because everyone deserves the delicious goodness of a home cooked meal like Mac n' Pac!**
