DEDICATION:

This work is dedicated to its project directors: Daryle E. Foster and Bill Umscheid. Had they not taken on another venture, this project would still be in the "talking stage." Thanks to them for their hard work, organizational talents, and farsightedness.

Many thanks to the following for their contributions:

Agriculture in Montana Schools
American Wool Council
Kathy Giles
National Peanut Council
Nebraska's Ag in the Classroom
Alison De Marree
The National Livestock and Meat Board

A special thank you to Marie Jo Smerechniak and John C. Brown for their assistance in piloting these materials.

Dear Educator:

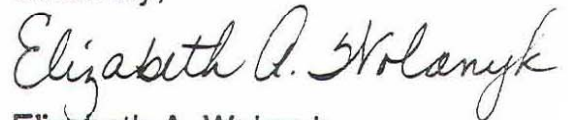

These materials have been designed to maximize teacher time, address the concepts in the syllabus for each subject area and create an awareness of our food and fiber system. A conscious effort has been made to develop materials that were active in nature. The old adage: "Tell me, I'll forget; show me, I may remember; but, involve me, and I'll understand" has been our philosophy in developing these materials.

In the top, right-hand corner of each page is the major concept covered by that activity. Other concepts are indicated on the Teacher Material pages. The Language Arts materials also indicate which syllabus (of the five) was used. At the time this work was done, some of the syllabi were under revision. If this was the case, either the old syllabus or the draft of the new one was used. Adjustments will have to be made after the revised syllabus is made available.

It is crucial for you to understand that these materials are not intended to add to the curriculum. They simply offer a way to meet the concepts in the syllabus.

Thank you. Good luck with your efforts. I hope that you find these materials useful and enjoyable.

Sincerely,

Elizabeth A. Wolanyk
Extension Associate
