I ♥ Corn

So tasty and sweet,
What a wonderful treat!
I'd like to blow a horn
Because I love corn.
It's good buttered and popped,
Or just creamed and cobbed.
I love it on my hot dogs, battered and fried,
(The one I ate at the County Fair was the best I've ever tried!)
It makes a great bread,
"That's the best way to have it," my grandfather has said.
I love it as chips
To eat when I go on trips.
I like to eat it at the ballgame,
I like it toffee'd with caramel, like the players in the Baseball Hall of Fame.
I like corn in my cereal, crispy and cold,
Just give it to me with milk, and I AM SOLD!
Corn is the best,
Compared with all the rest,
And it's always grown great,
Right here in New York State!

That's why I love corn!
