Picture of  
theme

This picture is a sketch of a market. In the picture you can see many crops or giving away crops. There are currently 6 structures + 1 in the background, structures are made of wood and metal. Lots of crops are being sold even jelly & jam on a pink table.

In this picture you can notice that there are stalls that sell crops/items with things like jams and jellies, apples, wheat, water melons, and pumpkins. There is a horse that is pulling a cart with a driver that is controlling it.

At the barn you can notice that there are 2 types of wood. On the left of the barn there is a cow shelter with hay where the cows are. There is hay on the wooden roof & on the right side of the building, see. Past the barn on the right, there is a corn field protected with wooden gates. Pumpkins are being sold in one of the stores.

In conclusion this NY farmers market has lots of detail.
