

A vibrant collage of agricultural products. In the top left, several stalks of golden wheat are bundled together. To their right, a branch of bright red cherries hangs down. On the left side, a large, ripe peach with a red and yellow gradient is visible. Below the wheat, a black cow is looking towards the camera. In the bottom left, a black and white cow's head is shown in profile. In the center, a glass jar is filled with golden honey, with a wooden honey dipper resting inside. To the right of the honey jar, a fluffy white lamb is looking forward. In the bottom center, a smaller white lamb is also looking forward. On the right side, a large, whole yellow onion is shown. The background is white, and the entire scene is framed by a black border.
