

Utah Pony Express Map

The following questions are designed to help you with your exploration of the Utah Pony Express Stations within Google Earth.

1. What is the name of your assigned Express station? _____
2. Write down what you learned about your Express station from the notes (by clicking on the pushpin).
3. Record the basic topography of the station. You should try to determine whether this location has a desert, steppe, or mountainous climate.
4. What are some possible challenges of living in or visiting this location?
