

# AGRICULTURE IN THE CLASSROOM

*Celebrating 30 Years of Connecting Children to Agriculture*

2021-2022 ANNUAL REPORT

CELEBRATING 30 YEARS

*And Growing*

OUR MISSION:

To educate Virginia's children about the importance of agriculture.

# LETTER FROM THE CHAIR

*Thirty years and growing!*

Thank you for helping us to grow as we celebrate our 30th year! Your generous donations have allowed our program to reach over 300,000 children and 40,000 educators across the Commonwealth with the great story of agriculture last year alone. Through your support educators, children, and their families have a deeper understanding and appreciation of how agriculture impacts their daily lives.

Agriculture is not only a vital part of our economy, but the industry is also key to help solving some of society's biggest challenges. Because of your help, our programs have seen another year of growth and tremendous opportunity to meet the need of connecting children to agriculture.

Virginia Agriculture in the Classroom connects a wide spectrum of Virginians to agriculture through:

- Providing children with hands-on agriculture experiences inside and outside the classroom.
- Connecting educators to agriculturally relevant resources through classroom kits, expansive online curriculum and virtual programming.
- Supporting volunteers with activities and resources that connect children to agriculture in their local community.

As the Foundation celebrate its 30th anniversary, it continues to be a leading voice for agriculture literacy, and I am honored to have been a part of its growth. Your donations have enabled these opportunities and positioned the organization to reach more children.

Please join us as we celebrate our successes while knowing there is still much work to be done. Thank you for helping us further our quest towards agricultural literacy and thank you for your continued support!

Sincerely,

*Rose Jeter*

Rose Jeter  
Chair, Virginia Foundation for Agriculture in the Classroom

# PROGRAM HIGHLIGHTS

## REGIONAL HUBS

Regional coordinators in Southwest and Northern Virginia conducted initiatives including school visits, fair and festival demonstrations and partner projects impacting 55,000 children.

# 347,369

**CHILDREN WERE CONNECTED TO AGRICULTURE THROUGH AITC PROGRAMMING AND INITIATIVES.**

## EDUCATOR OUTREACH

1,200 educators requested and received resources through AITC programs such as Back-to-School CARE packages, Soybean STEM Challenge and the Seed Survivor program.

## TRAINING

Provided trainings and resources to 39,000 educators and 1,000 volunteers through a combination of 38 professional developments, newsletters, regional and state conferences.

# SCHOOL GRANT SPOTLIGHT

*Our students live in the city and many did not know much about how plants grow or where their food comes from prior to this project. It has been fun seeing them watch our microgreens grow.*

-HAMPTON CITY SCHOOLS GRANT RECIPIENT

# 20,000+

Children took part in a hands-on, agriculturally relevant project funded by an AITC grant. 62 grants were funded to preschool, elementary and secondary classrooms in 42 localities across the Commonwealth.

## Highlights Included:

- Chesterfield County students created a "Decay Buffet." The students especially enjoyed the "Decay Buffet" lesson where they learned about the correct ratio of "green" to "brown" items in the compost bins.
- Louisa County students researched and used their new hydroponic unit to propagate 14 different plant varieties.
- Rockingham County students participated in an Ag-venture field day. The students were able to spend their Ag-venture day visiting over 20 agriculture-related stations and learning about the different aspects of agriculture.

# VOLUNTEER OUTREACH

131,650

CHILDREN IMPACTED THROUGH THE WORK OF OUR VOLUNTEERS AT LOCAL EVENTS AND THROUGH PROJECTS IN THEIR LOCALITIES.

70

Community events where AITC resources were displayed and/or distributed.

2,900

Books purchased for classrooms during Agriculture Literacy Week.

76

AITC Ambassadors took part in the new initiative to connect children to agriculture in their communities.

# FUNDRAISING AND SPECIAL EVENTS

## RECORD BREAKING YEAR!
