AGRICULTURE IN THE CLASSROOM
AglInTheClass.org
COME GROW WITH US!

Join AITC for a professional development workshop that will help PK-5 educators sprout successful learners. Our cross-curricular, standards-aligned lessons and resources use Virginia agriculture and natural resources to engage learners in science, mathematics, language arts, and social studies. Workshop participants will enjoy AITC’s hands-on minds-on activities and make-and-takes that highlight inquiry based learning and include multiple options for differentiation. Participants will leave with resource kits ready for classroom use.

FOR QUESTIONS OR TO SCHEDULE A WORKSHOP CONTACT US AT aitc@vafb.com OR 804-290-1143
