

Apple Globe

Children will learn that Virginia growers produce an average of 8 to 10 million bushels of apples per year.

Directions

1. Read *Apples* to a group of children.
2. Discuss new facts that children learned from the book.
3. Pass out 4 red strips of construction paper to each child.
4. Older children may wish to cut their own strips of construction paper.
5. Lay the strips on a flat surface so that they form a star.
6. Tape the strips together at the middle meeting point (you may also use a stapler).
7. Gather the ends to form an apple shape. Staple strips together at the top.
8. Draw and cut out a leaf from the green construction paper.
9. Staple, glue, or use a brad fastener to adhere leaf to top of apple.

Supplies

- Apples by Gail Gibbons
- 4, ½" x12," red strips of construction paper per student
- Tape
- Stapler Scissors
- Green Construction paper
