

Farm Charm

Farms provide us with both food and products for our daily lives. Learn more about the importance of farms in our lives and of the need to protect the environment.

Directions

1. Discuss each of the elements listed in “Supplies” and their importance to the farm. Point out how each of the elements connect to and rely on one another.
2. Place one of each of the elements listed in “Supplies” inside a jewelry sized bag.
3. Zip the top closed and punch a hole above the zipper.
4. Thread a pipe cleaner through the hole so that the Farm Charm can be worn.

Supplies

- jewelry sized plastic bags
- hole punch
- pipe cleaners

Farm Charm Elements:

- Soil: potting soil

Soil is used to grow plants. Healthy soil is critical in agriculture.

- Water: blue shred

Water is necessary for all life.

- Sun: yellow pom-pom

The warmth and light of the sun are essential to both plants and animals.

- Farmer: googly eye

The farmer is the steward of the land.

- Crops: seed of your choice

Plants on a farm may provide food for humans and/or animals.

- Livestock: animal confetti

Some animals are raised for food while others provide products for clothing and other basic needs.
